

The Script-Based Forever Knight Timeline

Maintained by Amy R. Compiled with assistance from Jo, Lisa, Laurie and others. *Originally based on Dorothy E. and Valerie M.'s excellent costume-derived timelines.*

In this timeline, flashback dates are determined first on script evidence, then on real people and events depicted, and finally on costuming and sets. In cases of irreconcilable conflict, the script always takes precedence. Continuity throughout the story of *Forever Knight* is the guiding goal, and may affect those factors. Italics denote flashbacks by characters other than Nick, or events mentioned but unsubstantiated by a flashback.
