

Fort Point Reenactor (and public overflow) Parking during the day

Version: Jan 27th 2010

Crissy Field: long skinny lot on the west end of Crissy Field, next to Warming Hut café and Torpedo Wharf. You can enter from the Mason Street side (from the fort you go up long avenue, go left on Lincoln, then go left down McDowell and make a left on Mason). Watch out for detours due to Doyle Drive closure.

East Battery gravel lot: on Lincoln blvd on the hill overlooking the Fort and near GGB visitor's center. There is a long windy path and stairs from this lot down the hill which drops you off on Marine drive about 1/4 mile from the Fort.
